

Durant's STAT-A-FLEX® Signal Wire Sealants are specifically formulated to provide maximum protection to all embedded roadway and runway electrical devices and signal wire.

DURANT
PERFORMANCE COATINGS

©HNTB

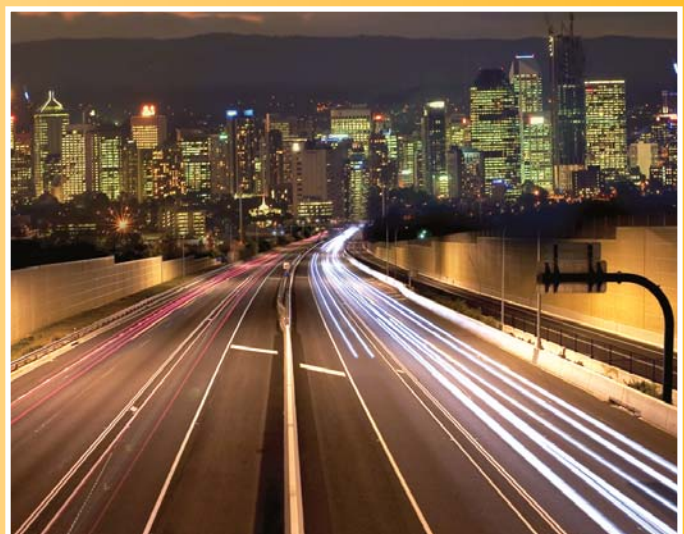

▲ STAT-A-FLEX® sealants are easily applied, cure quickly and produce a tough weather and chemical resistant seal.

▲ STAT-A-FLEX® is approved for use by Federal and most State Departments of Transportation for public roadway applications across the country and in U.S. territories.

▲ STAT-A-FLEX® is approved for use by the Federal Aviation Administration (FAA) to encapsulate and protect signal wire and electrical lighting devices on airport runways.

▲ Contact Durant Performance Coatings today to find the right STAT-A-FLEX® solution for you.
